Gen. Eberhardt Announces  
Willingness By Wireless  
to Cease Fighting.

LONDON, Nov. 23.—General von Eberhardt, commander of the German troops in the Baltic states, has sent a wireless dispatch to the Lithuanian commander-in-chief announcing his readiness to conclude a truce, according to information from Riga today. The West Russian soldiers under

Colonel Bernhardt, that have been fighting the Letts, are said to have been placed under command of General von Eberhardt for "German protection."

## GEORGIA GIRL ADMITTED TO AMERICAN LEGION

ATLANTA, Ga., Nov. 23.—The first Georgia woman and probably the first in the United States to become a member of the American Legion, is Miss Nellie May Burney, twenty-three, and pretty, of Rome, Ga. She is a former yeoman (F) of the United States navy, and now a full-fledged member of the Jesse D. Hamlin post of the legion. Miss Burney enlisted in September, 1918, and served with the colors until May 22, 1919.

## SERG. YORK TURNS BACK ON 'MOVIES'

Mountaineer Who Won Fame  
in France Won't Be "Professional" Hero.

CHICAGO, Ill., Nov. 23.—The blue eyes of Sergt. Alvin C. York turned quietly on the questioner. He had been asked why he, the renowned hero of the world war, had stubbornly refused to appear in the movies and write the customary war book and allow himself to be advertised blatantly from coat to coast and lionized by society. "I couldn't," "Friendly" York said. "I couldn't. Why, it's just a sellin' my honors for a pot of gold."

He came to Chicago with his bride, who was Grace Williams, the nineteen-year-old Tennessee mountaineer girl. Tuesday night he will speak at Orchestra Hall in behalf of the Alvin C. York Foundation. He wants to raise \$300,000 to found a school for the mountain children in the Tennessee backwoods. For himself—not a cent.

It was the first time Sergeant York and his girl wife had been this far west. Sergeant York's wife gazed at the Loop bustle today from a window in the Hotel Sherman and, yes, she sighed. It was plain she hungered for the sight once more of their farm back in Pall Mall, Tenn. "You were opposed to war?" was asked.

"I am yet. Though it be necessary, I don't care for a war just to be fighting. It's the devil's own job, friend. But this war was different."

SPRINGFIELD, Mass., Nov. 23.—Edward Morris, seventy-eight years old, whose humorous writings under the pen name of Philletas Ash won him wide reputation in the period following the civil war, died here yesterday.

## BODIES OF YANKS MIXED IN PASSAGE

War Department Announces  
Identity of Corpses Brought  
From Siberia Lost.

Bodies of some American soldiers who lost their lives in northern Russia while fighting the Bolsheviks have been brought back to this country with their identity either lost or in confusion, it was announced by the War Department tonight.

The bodies of the American fighters reached New York only recently from Russia on the Lake Daraga. Errors in identification of the bodies were made in Archangel when they were disinterred and placed in caskets, according to the War Department. A thorough investigation of the mistakes is being made by the department.

British Caused Haste.  
In explaining the haste with which the bodies were exhumed and the Lake Daraga dispatched from Archangel, the War Department said quick departure of the vessel was insisted upon by the British authorities. This resulted in the mixing of identities. Insistence upon speed is understood to have been because of war emergencies in Archangel.

"No doubt, whatever errors in identification have occurred are due to war conditions and conditions of the emergency which existed in Russia," the department's announcement said.

Method of Marking.  
"After the remains were removed from the Lake Daraga in New York the caskets were removed from the outside boxes in which they were received and were placed in new boxes. Identification marks on caskets were copied on cards, which were then placed on new outer boxes, only one box at a time being opened and casket put in a new box, which was closed before another box was opened. Verification of marks on caskets and boxes was made and certified to by a commissioned officer. Metal containers were not opened. Names on caskets were checked against a list which came on the Lake Daraga, and each box was carefully checked on to the train before shipment to its destination.

"Every possible precaution was taken to insure against error, without actually opening the hermetically-sealed containers, which is contrary to law. All work in connection with the handling of the remains at this point was under direct supervision of a commissioned officer."

## MEMPHIS CITIZENS WANT SEN. SHIELDS TO RESIGN

MEMPHIS, Tenn., Nov. 23.—Citizens are continuing to support the movement initiated by the Memphis Cotton Exchange yesterday to force Senator John K. Shields of Tennessee to resign, because of his attitude on the peace treaty fight in the Senate. Following Senator Shields' announcement that he would not resign as requested by the cotton exchange members, the City Club, by a vote of 61 to 4, tonight passed a similar resolution demanding that Shields resign and "do it now."

KISSES MOTHER, THEN DIES.  
PHILADELPHIA, Nov. 23.—A few minutes after she had kissed her mother good-night, Margaret Hickman, twenty-two years old, dropped dead.

Numbers of nervous, rundown people who were ailing all the while have most astonishingly increased their strength and endurance simply by taking iron in the proper form. And this after they had, in some cases, been doctoring for months without obtaining any benefit.

Manufacturers' Note: Nuxated Iron, recommended above, is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by People's Drug Stores, Christian's & Drug Stores, and all other druggists.

## AVERS DEMOCRATS LACK LIBERALITY

Sen. Gore, Pointing to Defeats, Says Autocratic Intolerance Must End.

KANSAS CITY, Nov. 23.—"More democratic liberality and less autocratic intolerance" is the need of the Democratic party, says Senator Gore in a letter to the Democratic voters

of Oklahoma pointing to the defeat of the party in the recent election in the Fifth Congressional district of Oklahoma as a warning of what may be expected in other districts if the party permits itself to be led away from the traditional principles.

Senator Gore points to the Democratic losses in Maryland, Kentucky, Massachusetts and New York as being due to the same causes that operated adversely in Oklahoma. "The Irish in mass are opposed to article 10," he writes. "The Democracy cannot lose the Irish vote and cling to doubtful States. East of the Mississippi, New Jersey is the only oasis in the desert, and it went wet rather than Democratic."

## CHILDREN IN PLAY BRING RECORD FINE

CHICAGO, Nov. 23.—What is said to be the largest fine ever assessed in Chicago for violation of the child labor law was imposed by Municipal Judge George B. Holmes against David Belasco, the theater manager, owner of the play "Daddies," and the

manager of the Powers Theater, where the piece was shown in Chicago, when they were fined \$1,500 on 168 separate charges. Five children under ten years of age appeared in the play. The defendants were fined for every appearance of the children on the stage during its four-week run in this city.

## Get Back Your Grip On Health

Physician Gives Practical Advice on What To Do To Help Build Up Your Strength  
Power and Endurance—Explains

How Organic Iron—Nuxated Iron—Helps Put Renewed Vim and  
Energy Into the Veins of the Weak, Nervous and Run-Down—

Thousands of men and women are impairing their constitutions laying themselves open to illness and literally losing their grip on health simply because their blood is thinning out and possibly starving through lack of iron.

To possess the power, energy and endurance that win the blood should be rich in strength-giving iron. For this purpose physicians below explain why they prescribe organic iron—Nuxated Iron—which by enriching the blood and creating thousands of new red blood cells often quickly transforms the flabby flesh, toneless tissues and pallid cheeks of weak, anaemic men and women into a glow of health. It increases the strength of delicate, nervous, run-down folks in two weeks' time in many instances.

In explaining why he regards iron as absolutely essential to the greatest development of physical and mental power, Dr. George H. Baker, formerly Physician and Surgeon, Monmouth Memorial Hospital of New Jersey, says:

"Refined foods and modern methods of cooking have robbed us of much of the iron which Nature intended we should receive and for supplying this deficiency and increasing the red blood corpuscles I know of nothing more effective than organic iron—Nuxated Iron. The fact that Nuxated Iron is

You can tell which people have a firm Grip on Health—Strong, Vigorous Folks with Plenty of Iron in Their Blood.

"In my opinion the greatest curse to the health and strength of American people of today is the alarming lack of iron in their blood. Lack of sufficient iron in the blood has ruined many a man's nerves and utterly robbed him of that virile force and stamina which are so necessary to success and power in every walk of life. Therefore I strongly advise those who feel the need of a strength and blood builder to get a physician's prescription for organic iron—Nuxated Iron—or if you don't want to go to this trouble, then purchase only Nuxated Iron in its original packages and see that this particular name (Nuxated Iron) appears on the package."
